

Smart 6

For Cattle producing upto 12 Litres of milk

Acquainting Smart 6 Feed a nutritional formula crafted for mid to late lactation dairy cattle, supporting milk production upto 12 liters per day. Our feed is rich in proteins, carbohydrates, **vitamins**, and essential minerals, ensuring balanced nutrition for **sustained milk** yield and overall health. Fortified with **soybean meal**, corn gluten meal, and canola meal, it promotes muscle growth, enhances milk quality, and improves digestion. Enriched with copper, **zinc**, **selenium**, and essential oils, Smart 6 Feed **strengthens immune** function, supports reproductive health, and boosts overall bovine well-being for **peak dairy performance**.
