

# Smart Buff

## Made for Buffaloes giving up to 15 litres of milk

Introducing **Smart Buff** Feed a specialized nutritional formula designed for mid-lactating buffaloes, supporting milk production of up to 15 liter per day. Our feed is rich in proteins, carbohydrates, fats, vitamins, and **essential minerals**, ensuring optimal health, sustained growth, and enhanced lactation efficiency. It improves milk yield, boosts fertility, strengthens immunity, and reduces the risk of metabolic diseases. Fortified with **digestive enhancers**, it promotes nutrient absorption and overall well-being. Smart Buff Care Feed is a cost-effective, **highly palatable**, and buffalo-friendly solution, suitable for all breeds, ensuring superior dairy performance.
