

Smart Calf Starter

To be fed 1 week after birth

Introducing Smart Calf Starter Feed an elite nutritional formula designed for young calves, supporting healthy growth and development up to 6 months of age. Our premium feed is rich in high-quality proteins, **vitamins**, **minerals**, and essential nutrients, ensuring **strong bones**, muscle development, and optimal digestion. Fortified with **probiotics** for rumen health and natural antioxidants for a robust immune system, it enhances nutrient absorption, boosts energy levels, and promotes early **rumen development**. Smart Calf Starter Feed ensures your calves receive balanced nutrition, **strong immunity**, and the foundation needed for lifelong productivity and well-being.
