

# Smart Dry Care

## Made for Dry Cattle as they approach calving

Acquainting Smart Dry Care Feed the ultimate nutritional solution for dry cows approaching calving, ensuring a smooth transition into lactation. Smart dry care feed is rich in proteins, essential minerals, and **vital vitamins**, enhancing metabolic efficiency, body conditioning, and immune resilience. Fortified with proprietary enzymes and **rumen buffers**, it promotes a healthy rumen environment, optimizes nutrient absorption, and reduces the risk of **metabolic disorders** like ketosis and milk fever. Designed for balanced energy levels, Smart Dry Care Feed ensures cows remain strong, well-prepared for calving, and ready for a successful **lactation cycle** with improved milk production and **reproductive health**.
