

Smart Heifer

To be fed after 6 to 14 months of age.

Presenting **Smart Heifer Feed**. Our feed provides a premium nutritional formula for heifers in their **post-14-month growth phase** and within **30 days of parturition**. Our feed is rich in **essential vitamins, minerals, and trace elements** to support growth and prepare for calving. Fortified with **probiotics**, it enhances digestion and boosts immune health. Smart Heifer ensures your heifers receive the nutrition needed to reach their full genetic potential.
