

# Smart Mineral Boost

## Made to eliminate Mineral deficiency in cattle

Introducing **Smart Minerals Mix**. Our mix provides an advanced supplement to correct **mineral deficiencies** in lactating cattle, supporting **optimal milk production** and health. Our mix is rich in **Potassium, phosphorus, magnesium**, and **trace elements** for superior absorption and bioavailability. Add **50–100 grams** to the daily feed, adjusting as needed. Smart Minerals Mix promotes **growth, fertility**, and sustained productivity, helping your cattle reach their full potential.
